

Community Relations

Soliciting Funds from and by Students and School Fund-raising

Fund-raising activities may be approved by the Superintendent of Schools consistent with the following guidelines:

1. Fund-raising is in connection with school-sponsored projects. Requests for approval of fund raisers shall be made and approved, in writing, on the form provided.
2. There are sufficient educational or financial benefits which will accrue to the school and/or students, either directly or indirectly, from the activity.
3. The mechanics or procedures of fund-raising will neither be an unacceptable burden to teachers or other school staff members nor subject the school to inappropriate risks or responsibilities in handling funds.

Upon approval by the Superintendent of Schools, information from recognized charitable and other organizations which could eventually result in voluntary student and/or parental activities, contributions, or memberships of benefit to the organization may be distributed through the schools. In these instances, the distribution of material would be the only school involvement on behalf of the organizations.

There shall be no direct solicitation of funds by outside organizations from students except on specific approval of the Board of Education.

(cf. 1142 Student Community Participation)
(cf. 1342 Advertising and Promotion)

Guilford High School
